- **PARADE BEING HEADED BY CSUO M. SASIDHAR REDDY**

- **CHIEF GUEST ADDRESSING THE PARADE**

This is a minor difference in the two ceremonies but the significance is great. The hoisting of the flag signifies the rise of a new nation, free from colonial domination. Whereas on Republic Day, the flag is already on top of the flag pole and signifies that it is one of a free nation. A flag of a free nation cannot stay at half-mast on a day as important as Republic Day. This is the big difference in the symbolism of the two acts. The speech by the chief guest was motivating. In his speech, the director highlighted the importance of the Constitution and its unique features such as Sovereign, Socialist, Secular, Democratic and Republic enshrined in the preamble of the constitution. He also gave an insight on the various accomplishments achieved by college and motivated the crowd for bringing more laurels for the college through their accomplishments. The speech was followed by the National Anthem, various other representations of the classical art forms in the different dances and songs performed by the students, giving a glimpse of the diversity in unity of the nation and the Guard of Honour. The program ended with the message to create a great nation

through collective efforts from all individual. Sweets were distributed among all the guests.

**Cpl A. SHALINI**

NCC gave me a chance to see India's "Unity in Diversity". First of all I am so proud to tell that am the only SW cadet to be selected for ROCK CLIMBING TRAINING CAMP from our Institution for this I would like to thank our ANO CAPTAIN R. UDAYA KUMAR SIR for giving me this wonderful opportunity for this adventure camp which is held at IPS COLLEGE at GWALIOR from Dec 2 to Dec 22. Now I would like to share my experience of this camp. I was really excited towards this adventure camp, on the first day of my journey to Gwalior I met my seniors and my co-cadets who were from different units and groups of the same directorate, after that we got to know each other. On the day when we are reached Gwalior ,we were welcomed by PI staffs of 3 MP GIRLS BN NCC and it was so cold there it's almost 5°C. For the first 7 days we were quarantined,

but in quarantine period we were molding ourselves for the upcoming adventure, we will go for PT at morning 6 am then we will have our breakfast at 8 am. our day starts with 5°C and ends with 9°C . After the quarantine we had our opening ceremony on the head of COLONEL J J ABRAHAM SIR and SUBEDAR MAJOR SATHISH KUMAR SIR along with PI STAFFS. **The day came when we had to go for rock climbing in Gwalior We had to climb a 100 ft tall rock, full of obstacles, without any instructor we had to reach the top. At that moment,**

**I felt that it was the time to prove that I could cross any obstacle to prove the motto "Everything is Achievable". The safety rope was attached to our harness, so that if we fall, we do not hit the ground. Then we started climbing the rock and found the beginning Quite interesting. With the ascent, the rock was getting straighter and one has to find a**

safe way as the obstacles also increased. If you lose grip on rocks then you can easily fall down. After climbing and rappelling we received RCTC BATCH from COLONEL SIR

at that moment I was extremely happy and we went to visit GWALIOR FORT and TAJ MAHAL it was such a unbeatable experience.

**On the last day of our camp, there was a cultural competition and we all enjoyed the evening to the fullest. We saw folk dances of different states and we also showed them our traditional dance. That night was one of the beautiful nights of the camp but there**

**was an element of sadness in the air because it was the last day. So, we decided not to think much and make that night memorable with Our new friends**

**. With all our endless memories of the camp, the next Morning we boarded our train and the journey began.**

**It was indeed a wonderful experience of us to be a part Rock Climbing training camp.**

Although environmental pollution can be caused by natural events, the word pollution generally implies that the contaminants have an anthropogenic source – that is, a source created by human activities. - **PARADE BEING HEADED BY CSUO M. SASIDHAR REDDY**

- **CHIEF GUEST ADDRESSING THE PARADE**

This is a minor difference in the two ceremonies but the significance is great. The hoisting of the flag signifies the rise of a new nation, free from colonial domination. Whereas on Republic Day, the flag is already on top of the flag pole and signifies that it is one of a free nation. A flag of a free nation cannot stay at half-mast on a day as important as Republic Day. This is the big difference in the symbolism of the two acts. The speech by the chief guest was motivating. In his speech, the director highlighted the importance of the Constitution and its unique features such as Sovereign, Socialist, Secular, Democratic and Republic enshrined in the preamble of the constitution. He also gave an insight on the various accomplishments achieved by college and motivated the crowd for bringing more laurels for the college through their accomplishments. The speech was followed by the National Anthem, various other representations of the classical art forms in the different dances and songs performed by the students, giving a glimpse of the diversity in unity of the nation and the Guard of Honour. The program ended with the message to create a great nation

through collective efforts from all individual. Sweets were distributed among all the guests.
